

Dura-Wrap Crates are well suited for specialty packaging applications

- [+] Constructed of rugged, laminated paperboard
- [+] Impact resistance and beam strength surpass corrugated containers
- [+] Perfect for heavy and/or fragile products
- [+] Customizable multi-panel designs tailored to your specific needs
- [+] Easy and safe to set-up, load, and unload
- [+] Available with custom print and functional coatings including weather and corrosion resistant
- [+] Multiple end-closure options: wood or paperboard end plugs, or integrated flaps
- [+] Easy open tear-strip feature available
- [+] Exempt from import or export rules under ISPM-15

Ships and stores flat in sheets or pre-folded

Various end closure options available
