

Quick Release Solution Containers

When things get sticky,
put our QRS boxes to work.

- Used for adhesives, sealants, asphalt sample collection, crafts
- Designed for hot fill/cold set materials
- Self-locking design for easy and safe set-up with no fasteners required
- Silicone lined for easy release at point of use
- Shipped flat for convenience
- Withstands up to 400°F
- Stocked sizes for immediate shipment

dura-fibre[®]
LLC

Quick Release Solution Containers

The QRS box was originally designed to hold hot melt adhesives. Since then, our customers have found all sorts of new uses for this patented product from Dura-Fibre.

Asphalt sample collection, sealants, soap making and drip catch boxes are just some of the applications where QRS boxes are the perfect solution to challenging issues. The package is rigid and durable for shipment, and its laminated paperboard construction makes it 100% recyclable.

When you're stuck trying to find a solution, consider QRS boxes from Dura-Fibre.

Patent # 4,148,429

Outstanding Benefits:

Product removes cleanly with no contamination
Ships flat (or erected for a nominal charge)
A variety of stock sizes to meet your needs

Leak-proof design
Durable design for tough environments
Custom sizes and designs available
